

Certificate of Appreciation

This certificate is awarded to

Core planning team: Secretary-General's visit to NSPA

CCO, NAMRO, Site Security, GM Front Office.

In recognition of their outstanding performance to plan and organise, with great urgency, a very successful visit of the Secretary-General to NSPA in September 2025.

The team, consisting of the Corporate Communications Office, GM's Front Office, Site Security & NSPA's Adaptive Maintenance, Repair, & Overhaul Facility (NAMRO), exemplified the spirit of cooperation and cohesion that lies at the heart of our Alliance, with a strong programme supported by dedicated volunteers.

The Secretary-General and his team were very pleased with their visit, and the opportunity to engage with Agency staff during the Town Hall.

Stacy A. Cummings
General Manager
